Content Creators Contracting Solution

Codecademy solution for Content Creators Contracting

To check your own work, or if you get stuck, you can download the [Content Creators Contracting](#).

Try not to rely on the solution code until you've completed the project, or if you're feeling stuck and your work has become unproductive. Remember that our solution is just *one* way to solve the Content Creators Contracting project, and you may have come up with a very different implementation. The important thing is that your code achieves the desired result, not that it looks exactly like ours. There is usually no single "right answer" in a coding problem, and there's almost always room for improvement!
